- November 24 - MH Roundtables

MIDDLE SCHOOL

Positive News! Our students on Friday received kudos for their excellent behavior on the Rewards trip. We hope this will be a pattern moving forward. Thank you for encouraging positive behavior at home.

DIGITAL SUPPORTS
One of the resources out there to support families is Healthy Children that is put on by the American Academy of Pediatrics. They have a podcast about cell phones and it includes multiple resources for parents about how to set limits, how to create a family media plan, tech tips for parents, and much more underneath the podcast area. We encourage you to check it out! LINK HERE

WEEKEND FOOD BAGS
We sent a link out to families regarding weekend food bag support. Please see the link to sign up.

STUDENTS AFTER SCHOOL
Students must be supervised after school. They may not hang out and wander before practice or a game or just because. Please make sure your student is in a club or with an adult. Otherwise, they must be picked up.

THANKSGIVING
Potterville Straight Up is getting ready for their annual Thanksgiving Basket and Hope Tree programs. These programs help local families in our community during the holiday season. They are currently accepting applications for both programs for families who live within the Potterville School District, have children attending Potterville Schools, or are staff members.
Important application deadlines:
Thanksgiving Meal Assistance: Applications are due November 13.
Hope Tree: Applications are due November 23.

Here is the link to the application for both:
https://forms.gle/UfYCHpviEiUAh5op7

Potterville Straight Up is a volunteer organization committed to loving others through practical acts of service, generosity, and compassion that help to build a community where families and individuals flourish. We work to support individuals and families in our community through programs like our Thanksgiving Meal Assistance, Hope Tree, and other community outreach efforts throughout the year. Our goal is to bring people together to help meet local needs and make a positive difference for families in the Potterville community.

RESOURCES FOR STUDENTS
If your student is not doing well academically, have they 1) stayed after with the teacher to ask questions and learn the information they are missing on their assessments or assignments? 2) retaken their assessments? High school students have two travel days where they can go meet with their Viking Vision teacher and ask questions and also stay after school. Middle school has homework club on Mondays for support and can work with their teacher to find another time if that does not work.
